

NOTIFICATION PURSUANT TO
SECTION 6 OF DSHEA

In compliance with Section 6 of the Dietary Supplement Health Education Act (DSHEA) and Rule 21 C.F.R. 101.93, this Notification is filed on behalf of the following manufacturer of **Schiff® Multi-Nutrient Pak Whole Food Based, #11493** bearing the statements set out below:

Weider Nutrition International, Inc.
2002 South 5070 West
Salt Lake City, Utah 84104

The text of each structure function claim for **Vitamins A, D, E, K, C, B1, B2, B3, B6, B12, Folate, Biotin, Pantothenate, Calcium, Iron, Iodine, Magnesium, Zinc, Selenium, Copper, Manganese, Chromium, Molybdenum, Chloride, Potassium, Boron, Vanadium, Choline, Inositol, PABA, Bioflavonoids, Inulin, Psyllium, Pectin, Oat bran, Rosehips, Rutin, Quercetin, Lactobacillus acidophilus, Lactobacillus bulgaricus, Bifidobacterium bifidus, Bee pollen, Shiitake mushroom, Ginger, Cayenne, Peppermint, Acerola, Cranberry, Proanthocyanidins, Aloe vera, whole food base (brown rice, spirulina, spinach, broccoli, blue-green algae, echinacea, chlorella, green tea, barley grass juice)** is as follows:

(Statement 1) Promotes Healthy Digestive Tract

(Statement 2) **Vitamin A (Beta Carotene and Retinyl acetate)**—Vitamin A is necessary for the growth and support of skin, mucous membranes, immune system, bones and eyes.
B Complex—B Complex vitamins are used by the body to release energy stored in food.
Vitamin E—Vitamin E supports cardiovascular health.
Calcium and Magnesium—Calcium is needed for normal bone and teeth development, blood clotting, enzymatic action, and the regulation of calcium metabolism.
Trace minerals—Trace minerals are necessary for many functions in our body such as oxygen transport, energy metabolism, growth, cell and nerve protection.
Boron and Vanadium—Boron is an ultra trace mineral with roles in calcium and magnesium metabolism. Vanadium is an important trace mineral that should be used as part of you diet to support healthy carbohydrate metabolism.
L. acidophilus, B. bifidus and L. bulgaricus with Inulin—“probiotics” which provide microorganisms which assist in maintaining a healthy digestive tract.

97S 0162

LET 8511

Aloe vera, Cranberry, Ginger, Cayenne, Peppermint—natural herbs which promote normal digestion and a healthy digestive tract.

Shiitake Mushroom—the flavorful black mushroom favored in Japanese and Chinese cuisine and valued as a health-promoting food.
